FROM : Hilary White

Dear Jose,

Thank you for your enquiry, we are pleased to quote you for your requirements as follows:

Item	Product Code	Description	Qty	Unit Price (ZAR)	Total Price (ZAR)
9	CON-TRIPOD	Height (mm) 200 mm STEEL 	3	R 184.00	R 552.00
10	0004240400	IKA - C-MAG HS 10 Magnetic stirrer with heating and ceramic heating plate which offers excellent chemical resistance. • Powerful motor for stirring quantities of up to 15 l (H2O) • Fixed safety circuit of 550 °C • Hot Top indicator >> hot surface warning to prevent burns! • Exact temperature setting via digital display (LED) • Bushing according to DIN 12878 for connecting a contact thermometer, e.g. ETS-D5, enables precise temperature control • Digital error code display • Elevated control panel for protection against leaking liquids	2	R 42 624.00	R 85 248.00

11	0003581200	IKA - C-MAG HS 7 Magnetic stirrer with heating and ceramic heating plate which offers excellent chemical resistance. • Powerful motor for stirring quantities of up to 10 l (H2O) • Fixed safety circuit of 550 °C • Hot Top indicator >> hot surface warning to prevent burns! • Exact temperature setting via digital display (LED) • Bushing according to DIN 12878 for connecting a contact thermometer, e.g. ETS-D5, enables precise temperature control • Digital error code display • Elevated control panel for protection against leaking liquids	1	R 26 808.00	R 26 808.00
18.1	MSV-3500	Multi tube digital vortex, 300-3500rpm, 0.2ml - 50ml tubes, platforms not included	1	R 18 098.00	R 18 098.00
18.2	SV-4/30	Platform for 4 x 50 ml (30 mm) tubes	1	R 1 666.00	R 1666.00
21.1	LTC4R	GRANT - LTC REFRIGERATED/HEATING CIRCULATING KIT Refrigerated heating circulating bath (TX150-R4R) kit with tubing and clips -30 to 100°C, 20L includes drain & relay • -30°C to 100°C • ±0.1°C • In built PT1000 or optional remote accessory PT1000 (PEP or SEP part codes) • 18L/min • 310mbar • 1.84kW • 20L • Level sensor, overtemp	1	R 268 673.00	R 268 673.00
21.2	TC120-ST26	GRANT - GENERAL PURPOSE STIRRED WATER BATH WITH EXTERNAL 26l stainless steel tank & TC120 immersion thermostat, -15°C* to 120°C	1	R 63 160.00	R 63 160.00
21.3	STL26	Lid gabled stainless steel with hinges for ST18 and ST26 baths	1	R 12 598.00	R 12 598.00
24	PH800	Benchtop pH Meter Kit Fast 1–3 Point Auto Calibration — Simple calibration workflow with on-screen guidance and self diagnosis, automatically recognizing pH standard buffer 1.68, 4.00, 7.00, 10.01, and 12.45. Comes with ready-to-use buffer solutions for immediate setup. Electrode Health Monitoring — Real-time slope display between calibrations helps you quickly assess the condition and performance of your pH electrode. GLP Data Management — Stores up to 500 data sets with timestamps. USB data output supports smooth transfer to PC-link for audits, reporting, and further analysis. Cross-Platform Web-based PC-Link Software (Open with Chrome/Edge/Firefox) — No installation required—just plug in and retrieve all stored measurements at once, offering real-time charts and one-click export to CSV or professional PDF reports (including measurements, calibration date, pH electrode slope, offset, meter model and serial number).	10	R 9 983.00	R 99 830.00

		201T-F All-in-One pH/Temp Electrode — Built with Apera's proprietary lithium-glass membrane for high stability and accuracy. The dual ceramic-fiber junction minimizes clogging, while the integrated temperature sensor enables true automatic temperature compensation (ATC). Detachable sensor shield protects the sensitive glass bulb. Universal BNC Electrode Compatibility — Standard BNC connector works seamlessly with Apera's LabSen® electrodes, supporting a wide range of specialty pH applications.			
27	613-7138	 VWR® Ergonomic High-Performance (EHP) Single-Channel Pipettes, Mechanical, Variable Volume Accurate, ergonomic single-channel mechanical pipettes for routine liquid handling and critical applications that require comfortable manual control. • Minimised pipetting and tip-ejection forces help reduce strain during repetitive liquid handling • Effortless volume adjustment with volume lock helps prevent unintended setting changes • Accuracy and precision support critical single-channel applications • Tapered shaft and adjustable Easy Grip ejector support fit with many standard tips • Extended finger rest supports convenient, controlled pipetting • UV-resistant and fully autoclavable construction supports routine decontamination • VWR® EHP, 1000 - 10000 µl, ±2,5 - ±0,5 %, ≤0,6 - ≤0,2 %, White VWR® Ergonomic High-Performance (EHP) Single-Channel Pipettes, Mechanical, Variable Volume VWR, part of Avantor	20	R 5 607.00	R 112 140.00
	INSTALLATION	Most items are plug & play – Installation not required, or can be done via online training			
	TRAINING	Operator training on-site Including flights, accommodation, sundries. 2 days minimum <i>Approximate for Tender purposes</i>	1	R 15 000.00	R 15 000.00

NOTE: WE HAVE OFFERED AS CLOSE AS WE CAN FIND

REST OF ITEMS – NO OFFER

Abbreviated Terms & Conditions

Delivery:	Delivery of goods – included. DDP Maputo City, Mozambique
Delivery Time:	Goods are ex-import approximately 8 to 12 weeks from receipt of payment, to our warehouse, subject to confirmation from supplier. Excludes delays beyond our control (e.g. Seizure by customs for inspection, shipping delays beyond our control.)
Guarantee:	Goods are subject to suppliers guarantee / warranty.
Warranty & Aftersales	All goods offered have at least a 1 year warranty – others up to 5 years (exception Item 9, no warranty) Aftersales can be offered from our workshop regarding repairs, services, spare parts etc.
Rate of exchange:	Our current list prices are calculated at the exchange rate of R 22.00 = £1.00 Any variations exceeding 5% between the above rate and actual rate paid to our overseas principals will be for your account (debit or credit) (70% of the quoted price will be remitted overseas) Forward cover can be purchased on request to obtain a firm Rand price.
Price:	Net exclusive of VAT. Any drastic changes in tariffs and duties are also excluded from our quotations.
VAT (Value-Added Tax)	VAT ZERO RATING: According to RSA VAT Legislation, all goods leaving RSA borders must be transported by a Freight Company nominated by MCL Exports (Pty) Ltd for you the customer, to receive VAT Zero Rating. Should you wish to use your own Freight/Transporter or Collect, then we have no alternative under the law but to charge VAT at the current rate. (NB: You are entitled to reclaim the VAT on presentation of the Clearing Documents from Customs Authorities)
Please Note the following options and advise us of your preference:	
A. Freight Forwarder nominated by MCL Exports (Pty) Ltd NB: These transport charges will be for your account. B. Your Own nominated Freight Forwarder / Collection: VAT will be charged at 15%.	
Ordering:	Should you place an order with us, please confirm with your order number and VAT registration number. Your order <u>should be</u> acknowledged within 24 hours of receipt. Should you <u>not receive</u> an acknowledgement within this time, please contact us. Please send orders to: exports@moncon.co.za
Validity:	Quotations are valid for 30 days.
Payment Terms:	Strictly payment in advance. 50% deposit and 50% before goods leave our premises Please note that delivery times will be from date of confirmed receipt of payment. Please send POP to exports@moncon.co.za
Order Cancellations:	Orders are firm and not subject to cancellation. Where cancellation of an order has been approved by management the purchaser will become liable for a cancellation / handling fee of no less than 20% of the original selling price, plus the cost of shipping the goods back to the country of origin. For special import items a 50% / 100% deposit may be requested. Orders for special items cannot be cancelled.
Terms & Conditions:	This quotation is subject to our Standard Terms & Conditions of sale, a copy of which is available upon request. (E&OE)

Should you require any further information or assistance, please do not hesitate to contact the undersigned.

Yours faithfully,
